Preventative Maintenance

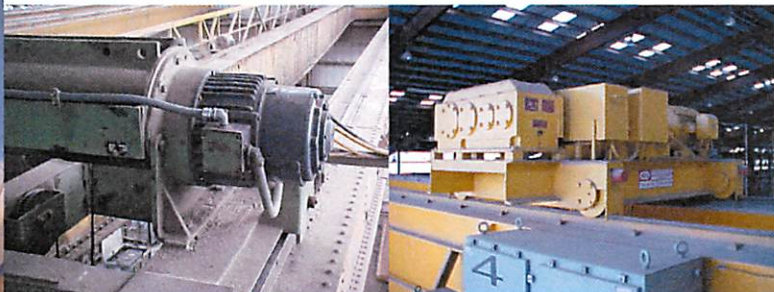

Cranes require period preventive maintenance to keep them working safely and properly. At Crane Repair Service, our staff is knowledgeable with a wide variety of cranes and have been trained to detect safety hazards and maintenance issues before they become a problem.

We maintain:

- All Types of Bridge Cranes
- Revolving Cranes
- Crane Runways

Monthly or quarterly preventative maintenance programs can be set up to suit your needs & situation. We can also tailor a system to your requirements.

We are licensed in Washington State for maritime and mobile crane certification.

If you have any questions regarding preventative maintenance please contact us at:

Phone 253-848-9473

Fax 253-848-1790

Email: lance@lancecrane.com
